ULTRACEL[®]
SUPPORT SYSTEM for Furniture

The best just got better – Ultracel[™] U3000!

ULTRACEL[™] is a trademark of Bayer Corporation.
ULTRACEL cushioning foam is supplied by leading foam producers using ULTRACEL polyol technology.

Helping make our customers' vision a reality. Bayer MaterialScience, where **VisionWorks**

Why ULTRACEL™ foam is *the proven force* in quality upholstered furniture.

- *Lasting* comfort since 1989...proved and improved over the years
- Exclusive **random** cell structure (varied size air spaces) makes ULTRACEL foam "giving" to the touch while maintaining firm, but gentle, support
- No "fading" (loss of support)
- No "dishing" (loss of original shape)

ULTRACEL foam does not compress, lump or shift in use but remains consistent over a long lifetime.

You can truly take comfort from...
